English	● ● ● ● ●
Hindi	● ● ● ● ●
Maithli	● ● ● ● ●

Professional Experience

- Worked on projects like CV Maker, Inventory Management System, and Chatbot development using Python, HTML, CSS, PHP and MySQL.
- Participated in a 15-day AI & ML workshop organized by Global IOT

Education

Mega National College, +2
2020 – 2022 | Kumaripatti, Lalitpur

Shree Ram Janki Secondary School, S.E.E
2012 – 2020 | Sukhipur-02, Siraha

Nesfield International College, BCA(ongoing or running)
Langankhel, Lalitpur

Skills

Programming Languages
C, Java, PHP, Python

Web Technologies
HTML, CSS, JavaScript

AI/ML
Tkinter, OpenCV, Tensorflow, pandas

Database
MYSQL

Tools & Platforms
Windows, Linux, .NET, git, VS Code, Android Studio

Microsoft Office
MS-Word, MS-Excel, Powerpoint, Canva

- Core Competencies**
- Customer Service
 - Communication Skills (English and Nepali)
 - Active Listening
 - Problem Solving
 - Basic Computer Skills
 - Teamwork
 - Time Management

Achievements

- Strengthened problem-solving and development skills through continuous learning and project-based practice.
- Gained hands-on experience in HTML, CSS, JavaScript, PHP, Python, and basic AI/ML concepts through real project implementation.
- Organized college events.
- Participated in programming competitions.
- Received academic awards or scholarships.

Projects

CV Maker
Developed a CV Maker web application using HTML, CSS, JavaScript, and PHP that enables users to easily create clean, professional resumes through an intuitive and interactive interface.

Inventory Management System
Developed an Inventory Management System using HTML, CSS, JavaScript, and PHP to efficiently manage and track stock records, enabling users to add, update, and monitor inventory through a simple and user-friendly interface.

AI/ML mini Project

Developed small AI and ML-based projects, including a chatbot and a student attendance system, aimed at improving user interaction and automating attendance tracking using fundamental machine learning concepts.
